

DIGNITY PACK: BACK TO SCHOOL CAMPAIGN

THEBE
FOUNDATION

Education is the foundation for all we do in life but for hundreds of thousands of learners in South Africa, a lack of financial resources means that they cannot even afford school shoes, socks or appropriate sanitary wear.

These conditions often drive children out of school resulting in absenteeism and higher dropout rates.

The Thebe Foundation is helping to improve the lives of disadvantaged children through the simple act of donating school shoes, socks and sanitary towels.

Please help us to restore the dignity in our learners by donating to this worthy cause.

Organisations that donate will be issued with a section 18a for CSI tax and B-BBEE recognition.

Thebe Ya Mosadi and Thebe Esquire will be distributing these items to the most deserving schools across the country.
